

Can I buy it?

Company/Person:

Product or service I am claiming:

Invoice or service date:

Claim date and number:

	YES <small>(tick)</small>	NO <small>(tick)</small>	My notes
 Disability Related Do I need this because of my disability? (I wouldn't buy it if I was not disabled)			
 Value Is it reasonably priced and good value compared to other options?			
 Goals Will it help me reach the goals in my NDIS plan?			
 Affordable Can I afford the support within my support budget and plan?			
 Community and relationships Will it help me be part of activities with friends and the community, or help me find a job, and it's not something that family, friends or community should provide?			
 Most appropriate funding body Is it something that should be funded by the NDIS and not other government services like dental, health or hospital services, education, housing or public transport?			
 Is it safe? Is it safe and legal? It should not hurt you or put yourself or others at risk.			
<p>If you can answer 'yes' to every question, then you can likely buy it. What you buy with your self-managed funding will be as individual as you.</p>
