BE PART OF OUR STUDY!

ARE YOU A PARENT OR PRIMARY CARER OF A CHILD UNDER 18 YEARS WITH AN INTELLECTUAL OR DEVELOPMENTAL DISABILITY?

We are exploring parents' and carers' experiences of supporting the oral health of children with intellectual and/or developmental disabilities.

Your experiences will help inform future strategies to improve oral health support for children with intellectual and/or developmental disabilties and their families.

Participation will involve a 20–30 minute interview, conducted at a convenient time for you using either phone, online platforms like Microsoft Teams, or face-to-face.

Participation is voluntary and the information you provide will be strictly confidential.
